EDUCATION

University of Texas at Dallas | Richardson, TX

M.S. in Computer Science (Cyber Security) | GPA: 3.42/4.0

December 2026

B.S. in Computer Science

December 2023

Scholarship(s): Comet Transfer Scholarship

Awards: Dean's list

RELEVANT EXPERIENCE

Handshake AI Solutions LLC | Remote

Nov. 2025 - Present

General AI Trainer

- Train and evaluate multimodal AI models across **image**, **video**, and **audio** content
- Assess, review, and rank AI-generated outputs to improve model accuracy, quality, and alignment

UTD-VINCEP | Richardson, TX

Aug. 2023 - November 2025

Full-Stack Developer

- Build and maintain Vincep's student organization website (<https://vincef.org>) leveraging **React** framework and **Cloudflare** for secure, high-availability hosting
- Handle both **frontend** and **backend** development, ensuring smooth functionality, optimal usability, and performance

PROJECTS

PF Tracker | HackUTD 2025

November 2025

- Architected and mentored the development of a **MERN**-stack personal finance management web application featuring Category-Based Budgeting, Subscription Management and AI Financial Assistant
- Implemented **RESTful** backend services using **Node.js** and **Express.js** and built a responsive **React** frontend; deployed on **AWS** for scalable, low-latency access

Event Ticket Website | Personal Project

October 2025

- Frontend: Designed and implemented a user-friendly interface using **HTML**, **CSS**, and **JavaScript**, ensuring cross browser compatibility and responsiveness
- Backend: Developed a robust server environment with **Java Spring Boot**, designed **RESTful APIs**, and leveraged **Hibernate** for efficient database operations
- Database: Managed data with **Hibernate**, ensuring security and performance optimization
- Quality Assurance: Conducted rigorous testing, identified and resolved issues, ensuring reliable application

MoodTunes | HackUTD X

November 2023

- Partnered with a team of 3 and developed a fully functional AI-powered **Web App** with a dynamic **Next.js** interface, real-time facial expression analysis to detect and interpret user's mood for song retrieval
- Intelligently selected and played music matching the user's emotional state, with all data processed on device for privacy

TECHNICAL SKILLS

Languages (ordered by proficiency): Java, Python (Pandas), JavaScript, HTML, CSS

Tools and Frameworks: Node.js, React.js, Next.js, PyTorch, Git, Google Cloud, AWS, Java Spring Boot

LEADERSHIP EXPERIENCE

UTD-VINCEP | Richardson, TX

Aug. 2023 - Aug. 2024

Marketing Officer

- Managed and planned events for ~100 members of the student organization
